Refined Rice Bran Oil (NON-GMO)

Our Corporate Groups Edible oil firm Agarwal Industries Private Limited has a strong presence in the Edible Oil Industry (especially South Indian Region) since last 65 years.

Research shows that Rice Bran Oil not only has a good balance of saturated, monounsaturated & polyunsaturated fats, but also is a rich source of micronutrients and natural antioxidants such as Oryzanol, Tocopherol, Tocotrienol and Squalene which are known to provide many benefits for human health, besides helping lower cholesterol. Our special process of physical refining retains natural nutrients like high oryzanol content in the rice bran oil which makes it the best option in edible oil in the world for any human being.

Following are the benefits.

1 Cholesterol lowering oil: Heart friendly.
1. Oryzanol: Improves HDL/LDL ratio. Healthier heart.
2. Balanced PUFA/MUFA ratio: Cleaner blood vessels.
